Adrian Ross Duncan's November 2026

This month asks you to release the connections that have run their course and step into a new way of living built on authenticity. A deep tiredness with how things have been is your fuel for real change. Let your image reflect the truth: show your feelings as they are, raise what has gone unspoken in close bonds, and choose truth, intensity and passion over compromise. Where a tie only drains you, weigh what would free the most energy and decide. A fresh surge of enthusiasm adds courage, so dare to aim higher than seems reasonable, explore, claim new ground and persuade others without waiting for permission. Meanwhile, rigid schedules and fixed commitments may loosen, even where established structures resist your ideas. Treat that disruption as an opportunity, trim what restricts your growth and find your own niche. The room you clear becomes space for genuine renewal.

Sunday 1 November

Transiting Venus trine your Mars

1st and 9th houses — Lifepath and Understanding · Harmony

Second contact, Venus retrograde. The theme of 4 September returns for review; what needs rethinking shows itself now.

Seductive Charms: Choose the path of least resistance. Use love to get what you want. Your powers of attraction peak now. Two people meet, and...

What should I channel my energy into today?
In personal relationships, aim for seduction. Enjoy your desires. In business seek benefits from partnership.

How forceful should I be?
You'll get much further with gentleness and charm, than you will with aggression. Listen to those who come with the olive branch. Seek compromise.

How can I get the most out of a relationship?
Don't forget romance. Do something active, like dancing or working creatively together. Remember, lovemaking starts many hours before the act of sex.

Transiting Mars conjunct your Venus

11th house — Groups · Fusion

Temptation: Objects of desire transfix you. Whether it's love, sex or material matters, how can you resist? Don't blow amorous moves by being coarse.

If someone makes a pass at me, what should I do?
If you're free at heart, then what are you waiting for? You don't always have to go through all the preliminaries. Don't take offence if someone finds you desirable.

Should I take the initiative in a relationship?
Wait no longer. Someone must take action. If your heart is on fire, stop beating around the bush, and declare your passion. Platonic love has had its day.

How can I cope with disruption in my love life?
Nature designed your body specifically for this eventuality. Banish argument, reason and mental games – the bedroom's the place to sort out your differences.

Transiting Pluto trine your Ascendant

4th and 1st houses — Roots and Lifepath · Harmony

The final contact in a series that began in March 2025.

New Horizons: Old associations have served their purpose, new lifestyles beckon. Don't be sentimental about the past. Build up a new image and manifest power.

What should I be looking for in relationships now?
Don't just chug along in the same groove. Bring up those unspoken issues and purge your relationship of the poisons that harm it. Go for more truth, more intensity – and more sex.

THE SKY THIS MONTH

SUN 1 NOVEMBER
The month opens with Mercury and Venus both retrograde, Mercury until the 13th and Venus until the 14th, so the first half of November suits revisiting rather than launching. Reread contracts and return old calls. The Moon leaves Cancer for Leo.

How can I change the image I project?
Don't live a life of compromise or falsity. Don't smile if you're mad. Show yourself, warts and all and be authentic. This period is not about being nice, but about manifesting your power.

Can I maintain difficult relationships now?
It's a time when ultimatums tend to fly through the air. If you are dead tired of someone you are dealing with, then it's time to cut the bond. Consider what will liberate most energy, and make your decision.

Monday 2 November

Transiting Mercury square your Pluto

2nd and 11th houses — Resources and Groups · Tension

Second contact, Mercury retrograde. The theme of 13 October returns for review; what needs rethinking shows itself now.

Interrogation: What you don't know disturbs you. You anxiously uncover secrets. It seems that harmful information is buried somewhere. Avoid obsessing.

Is someone keeping something secret from me?
There are always secrets, but today your paranoia is awakened. If you dig up the whole of your garden, then what will happen to the flowers? You have your secrets, let others have theirs.

Why are my thoughts going round in circles?
You are accessing archetypal energy from within. Unless you harness it positively uncovering psychological issues, it will attach itself to, and channel itself through, your negativity.

Should I ignore difficult communication issues?
No – today is the time to put an end to gnawing problems that have been plaguing you for some time. Diplomacy serves no purpose – cut through to the core and remove problems by the root.

Tuesday 3 November

Transiting Mercury trine your Mercury

2nd and 10th houses — Resources and Achievement · Harmony

Second contact, Mercury retrograde. The theme of 12 October returns for review; what needs rethinking shows itself now.

Thoughts Hum: This is an excellent time for expressing your thoughts and ideas. Make sure people hear what you have to say, and deliver your message with wit.

Is this a good time to contact people who have influence?
If you have something you want to ask for, then at least you'll be able to ask for it in style. Your powers of self-expression are at their best.

Should I put off writing or do it now?
As you are at a mental peak now, it's best to resist an inclination to laziness, and get writing or communicating – today!

THE SKY THIS MONTH

MON 2 NOVEMBER
A quiet sky, with Mercury still retrograde in Scorpio, so conversations dig up what was left unsaid. Let old questions surface and answer them plainly, since an honest second look settles more than a fresh argument. The Moon is in proud Leo.

TUE 3 NOVEMBER
Nothing is exact today, but Saturn and Neptune are both retrograde in Aries, so plans that once looked firm or inspired deserve a patient review. Check the foundations before adding another floor. The Moon moves from Leo into tidy Virgo.

Is it responsible to go travelling now?

There's a time to be responsible, and a time to have fun. This is the time for pleasure and play... you could learn something.

Wednesday 4 November

The Moon in Virgo crosses your 12th house (Solitude). A quiet spell for rest, reflection and time alone.

In the background: Uranus square your Saturn, *Change of Rules* (see 19 November).

Thursday 5 November

Transiting Venus square your Sun

1st and 10th houses — Lifepath and Achievement · Tension

Second contact, Venus retrograde. The theme of 2 September returns for review; what needs rethinking shows itself now.

Authenticity Contra Charm: Smiles and flattery can get you a long way, but there can be a sickly feeling if the charm is turned too high. Tastes conflict.

Who shall I be on guard against today?

Don't trust obsequious types. Those who flatter you today are thinking of their own gain.

Should I spend money on myself?

You're tempted, but the demons of vanity are strong. Your judgement is not at its best, and you are likely to spend too much on the wrong thing.

How can I make a good impression on others?

Don't try. At all costs avoid ingratiating yourself. Don't bring gifts that are not appreciated. Modesty and restraint create a favorable impression. Flirting falls flat.

Transiting Mars trine your North Node

11th and 7th houses — Groups and Relationships · Harmony

First contact. Mars will pass this point twice more in the coming weeks, so see what starts today as the beginning of a process.

Going for It: Sometimes you know when you're on the right path. People you meet show you the way, so give full power to your efforts to make progress.

Can I expect events to proceed smoothly today?

Probably not. There is a test of strength, especially in group ventures. Nobody gets anywhere without a certain degree of assertiveness.

How can I make progress in life?

Use your skills from the past, but channel them into activities connected with what you really desire for yourself in the future. Fight for what you want.

How should I integrate my sexuality into my life?

Desire can be a driving force. Lust for life and lust for sex can be equated. This is not the time to apply restraint.

THE SKY THIS MONTH

WED 4 NOVEMBER

The Sun meets retrograde Mercury this afternoon, the midpoint of the review, when the reason something stalled tends to become obvious. Around midday Venus sextiles Jupiter, so generosity smooths old disagreements. Make the apology or the offer. The Moon stays in Virgo.

THU 5 NOVEMBER

Yesterday's insight still needs time to ripen. Mercury stays retrograde until next Friday, so write ideas down rather than committing to them: drafts are welcome, signatures can wait a week. The Moon slips from Virgo into gracious Libra.

Friday 6 November

Transiting Sun trine your Mercury

2nd and 10th houses — Resources and Achievement · Harmony

Creative Communication: You're feeling pretty clever today, and you also want to be on the move. So meet people, or grab the phone, and get your message across.

Is what I've got to say important?
It's important to you, and if you want to make an impact, make sure your voice is heard. Use all your charm, humor and skill to make your influence felt.

Should I travel first class, or second class?
Sell yourself as high as you can. The best way to do this is to create a good impression. Take the first class option.

Should I do things myself, or delegate?
Don't get bogged down in details. Use your connections. There are skilled people just waiting to be of service.

Saturday 7 November

Transiting Sun square your Pluto

2nd and 11th houses — Resources and Groups · Tension

Power and Survival: Irrevocable decisions are made today... it could be a question of survival. You are drawn to the forbidden as a moth is drawn to the flame.

Should I continue with a situation that has been draining me?
No, you should not. Even if it means pain and trauma, this is the time to make a conscious decision to eradicate those areas of your life that have outlived their usefulness.

Can I cope with the pressure on me right now?
You can. But decisions are necessary. Your survival abilities are called for, and that means being ruthless and unsentimental. After the darkness comes the light.

Shall I reveal the inner turmoil to others?
This is a good period for therapeutic contact, but you could disturb those close to you if you reveal all. A therapist can handle it, a loved one maybe can't.

Sunday 8 November

The Moon in Scorpio crosses your 2nd house (Resources). Money, possessions and what you value ask for attention.

In the background: Neptune opposite your Ascendant, *Whither Now?* You no longer know what direction to take in this period.

Monday 9 November

- *New Moon in Scorpio, in your 2nd house (Resources).*

A new cycle for money, talents and your sense of what you are worth.

THE SKY THIS MONTH

FRI 6 NOVEMBER
With Venus retrograde in Libra, relationships and money keep asking for a second look rather than a bold move. Old flames and old debts both resurface, so meet them with courtesy and a clear number. Libra hosts the Moon.

SAT 7 NOVEMBER
Mercury stays retrograde in Scorpio until Friday, so a quiet Saturday suits rereading, rechecking and finishing what was left half-done. Read the small print twice, since the second pass usually catches what the first missed. The Moon moves from Libra into Scorpio.

SUN 8 NOVEMBER
The sky is still, and tomorrow's New Moon in Scorpio is gathering. Clear the decks, finish what is half done and leave room for a fresh intention on Monday. Intense, private Scorpio holds the Moon today.

MON 9 NOVEMBER
The New Moon in Scorpio arrives this morning, a good start for anything that needs depth and staying power. With Mercury still retrograde, plant the intention now and announce it later in the week. The Moon is in Scorpio.

> *What begins now sets the tone for the next month or so.*

Tuesday 10 November

The Moon in Sagittarius crosses your 3rd house (Connections). Messages, errands, conversations and short trips fill the day.

In the background: Neptune square your MC, *At Sea*: You seek a safe harbor but in this period it is not to be found.

Wednesday 11 November

Transiting Sun square your Venus

2nd and 11th houses — Resources and Groups · Tension

Authenticity and Love: You become the object of romantic attention and wonder how attractive you are. Money is spent to increase your sense of worth.

How important is my personal attractiveness?
Not as important as you think. Narcissism can actually undermine you. If you want to impress others today, then show strength of character.

How can I make others think the best of me?
Don't try. Seeking approval weakens you. You risk appearing needy; smiles wear thin.

Should I buy prestige items now?
You are probably very tempted. However self-worth comes from within. Money can't buy you love.

Thursday 12 November

The Moon in Sagittarius crosses your 3rd house (Connections). Messages, errands, conversations and short trips fill the day.

In the background: Neptune square your Uranus, *Dream of Future*: You have hopes to manifest your unique talents, but it is too early.

Friday 13 – Sunday 15 November

The Moon in Capricorn, then Aquarius, crosses your 4th house (Roots). You're pulled toward home, family and your own company.

In the background: Uranus trine your Ascendant, *Freedom to Change*: Unusual people and groups give you a new sense of direction in this period.

Monday 16 November

Transiting Mars sextile your Mars

11th and 9th houses — Groups and Understanding · Creativity

First contact. Mars will pass this point twice more in the coming weeks, so see what starts today as the beginning of a process.

Enjoy What You Do: There's fun to be had in physical excellence and meeting challenges. It's great to be a winner, so mobilize your competitive urges.

How important is my sex life?
This is a peak time for you. Use your seductive charms to celebrate your physical prowess. You can optimize performance.

THE SKY THIS MONTH

TUE 10 NOVEMBER
Venus sextiles Mars early this morning, and warmth and nerve pull in the same direction for once. Make the friendly first move, ask for the meeting, mend the quarrel with a little charm. The Moon heads from Scorpio into Sagittarius.

WED 11 NOVEMBER
Mercury slows toward its station on Friday, and loose ends from late October want tying up. Finish the edit, send the correction, confirm the date twice. An outspoken Sagittarius Moon keeps conversations frank.

THU 12 NOVEMBER
On the eve of Mercury's station, patience with delays wears a little thin. Hold steady for one more day, because answers arrive more cleanly once Mercury turns and a rushed reply now only needs redoing. The Moon moves from Sagittarius into Capricorn.

FRI 13 NOVEMBER
Mercury stations direct in Scorpio this afternoon, and plans stuck since late October begin to move again. Give it a day or two before signing anything, since the clarity is real but still settling. A sober Capricorn Moon steadies the mood.

SAT 14 NOVEMBER
Venus stations direct in Libra overnight, at home in its own sign, and after six weeks of second thoughts, love and money can go forward. Settle the overdue conversation, then make the purchase. The Moon remains in practical Capricorn.

SUN 15 NOVEMBER
Saturn remains retrograde in Aries until 11 December, so rules, deadlines and long-term plans are better revised than pushed hard. A slow Sunday suits tidying the calendar and loosening whatever was set too tight. The Moon leaves Capricorn for inventive Aquarius.

Is it OK to elbow my way ahead?
It's not OK to let others elbow you out. So make sure you know how to assert yourself in a healthy way. You have to push to get ahead.

Should I be doing something with my body?
Some kind of physical exercise will tone both body and mind right now. Do something competitive, or something that tones your survival abilities.

Transiting Sun trine your Sun

2nd and 10th houses — Resources and Achievement · Harmony

Be Yourself, Have Fun: Surplus resources and positive energy help you project your best human qualities. Attract attention with humor and playfulness.

Will personal advances I make be reciprocated?
Yes! This is your lucky day, and you'll find that you just can't help impressing others. It's not the time to take things too seriously, the playful approach works best.

Have I got anything of importance to say?
Everyone has star quality, but sometimes it's a question of timing, whether this shines through or not. Today you are in tune with your inner wisdom, so get your message out.

Is it worth taking risks today?
It is. It's time to enjoy life, whether through partying, travel or romance. The force of your personality will bring success.

Tuesday 17 November

The Moon in Aquarius crosses your 5th house (Expression). There's room for play, romance and making something.

Still active: Transiting Mars sextile your Mars, *Enjoy What You Do* (see 16 November).

In the background: Saturn square your Mercury, *Worries*: It's a go-slow period.

Wednesday 18 November

Transiting Jupiter sextile your Mars

11th and 9th houses — Groups and Understanding · Creativity

The first of 3 contacts, running until July 2027.

Yahoo! Winner takes all in this period. You are fully mobilized and full of enthusiasm. Seek out the competition and outplay them. Travel and explore.

Should I bite off more than I can chew?
Indeed. Who dares, wins. You can achieve much more than you might imagine in this period, so summon your courage and jump. Use all your persuasive powers.

Where is the greatest potential for growth in this period?
Be a pioneer, go out, and grab new territory. You don't need anyone to give you permission. Make sure others come round to your point of view – don't compromise.

How should I express my sexuality?
It's not a time for moralizing and guilt trips. Your body was given to you to enjoy. You'll be wanting an intelligent partner at this time, but after the

THE SKY THIS MONTH

MON 16 NOVEMBER
Mars meets Jupiter in Leo early this morning, a burst of confidence, ambition and appetite for the big gesture. Channel it into one bold, well-chosen effort rather than five loud ones; somebody will overpromise, so keep the receipts. The Moon is in Aquarius.

TUE 17 NOVEMBER
The afterglow of yesterday's Mars and Jupiter meeting lingers, while the Sun's squares to both planets arrive on Wednesday and Thursday. Get the ambitious work done early in the week, while goodwill is easy. The Moon drifts from Aquarius into Pisces.

WED 18 NOVEMBER
The Sun squares Jupiter this morning, and promises come easily while follow-through takes more effort. Measure twice, especially with money and deadlines, because enthusiasm is a fine engine but a poor accountant. The Moon is in gentle Pisces.

Contact 2 of 3. This began in July 2026 and completes in April 2027.

Change of Rules: This period heralds changes in the game of life. There are forced moves and run-ins with the authorities. Freedom defeats the establishment.

Should I redefine my goals?
It's difficult to assimilate into society, so you need to make changes. It's no use chugging along the well-worn path, you have to find your personal niche.

How shall I deal with the authorities?
They are not on your side, so avoid them. There will be resistance to innovative ideas, and you will be perceived as a threat. This can lead to upheaval and restructuring.

Should I continue a path of restraint and self-discipline?
You must recognize the need for change, even if all habits are disrupted. The danger is that you will calcify, therefore see disturbance as opportunity and make changes.

Friday 20 November

Transiting Sun sextile your Jupiter

3rd and 4th houses — Connections and Roots · Creativity

Attract Attention: This is your lucky day. Top people seek your advice. The whole world is your oyster. Rarely have you felt so wise! Nothing can go wrong.

Should I think local, or global?
Global. And if this means hopping on an airplane, then that's what you need to do.

How should I present my opinions?
With the full force of your personality. Opinions are only important if they have influence. Make sure yours have!

How should I handle resistance today?
Be tolerant and generous. People are motivated by the carrot far more than the stick today.

Saturday 21 November

The Moon in Aries crosses your 7th house (Relationships). Other people set the tone; partners come to the fore.

In the background: Jupiter sextile your Mars, *Yahoo!* (see 18 November).

THE SKY THIS MONTH

THU 19 NOVEMBER
The Sun squares Mars in the early evening, and tempers run short as the workday ends. Count to ten before replying, and pick the one argument that truly matters. Mars leaves Leo next week, which helps. Pisces hosts the Moon.

FRI 20 NOVEMBER
Yesterday's friction leaves energy to spare, and the sky is otherwise quiet. Spend it on physical work, a brisk walk or any task that rewards a quick start rather than a long debate. The Moon moves from Pisces into Aries.

SAT 21 NOVEMBER
The Sun's last full day in Scorpio favors finishing, sorting and letting go of what has run its course, and tomorrow brings a lighter mood. The Moon is in brisk Aries, so keep plans simple and starts punctual.

Sunday 22 November

The Moon in Taurus crosses your 8th house (Intimacy). Deeper feelings surface, along with shared money and intimacy.

What's good for you today is good for your partner. Whatever you want to reach, partners will be motivated to help you reach it.

How can I make progress on the road ahead?

The important factors are: friends and those with influence, training and educational skills, and being able to sell yourself. Believe in yourself.

THE SKY THIS MONTH

SUN 22 NOVEMBER

The Sun leaves Scorpio and enters Sagittarius this morning, and the mood opens outward: travel, study and big-picture talk come back into favor. Keep promises to the size of the calendar. The Moon leaves Aries and settles into Taurus.

MON 23 NOVEMBER

Tomorrow's Full Moon in Gemini is building, and news, gossip and loose ends gather pace. Save the big decision for after it peaks, and listen for the detail everyone else skims. The Moon spends a calm day in Taurus.

TUE 24 NOVEMBER

The Full Moon in Gemini peaks this afternoon, bringing messages, rumors and half-finished conversations to a head. A Sun and Neptune trine overnight lends imagination and good faith, so use both, then check the facts. The Moon moves from Taurus into Gemini.

Am I up to the job?

You are. Just because someone criticizes you, it does not mean you are ineffective. This is simply a chance for self-improvement. Think positive, and don't undermine yourself.

How should I handle authority today?

Don't take things personally. People are just doing their job as best they can. They may be just as unsure as you are. Be helpful, shoulder responsibility.

Can I expect to be lucky?

Today you have to make your own luck, and that means making plans for the future and thinking positively. Setbacks are ways to self-improvement.

Mars leaves Leo and enters Virgo overnight, trading the grand gesture for careful, useful work. Fix the thing that has been rattling for weeks, because small repairs pay off handsomely now. The Moon moves from Gemini into home-loving Cancer.

FRI 27 NOVEMBER

With Mars newly in Virgo, effort goes furthest on details, lists and the jobs nobody wants. A Cancer Moon turns attention toward family and the kitchen table, where a practical kindness counts for more than a speech.

Saturday 28 November

Transiting Mercury square your Venus

2nd and 11th houses — Resources and Groups · Tension

Third and final contact. What began on 18 October and was reviewed on 29 October can now go forward.

Getting Affection: It's time to talk of love, but perhaps the words don't come. The dilemma is that talking about feelings is not the same as expressing them.

How can I be honest about what I feel without upsetting loved ones?
There's a fine line between diplomacy and duplicity. Express your thoughts as honestly as possible, but be aware that this could just be a passing influence, so be considerate.

What shall I do if I feel uncomfortable about financial or material arrangements?
There is no substitute for information. Ask questions, and don't let politeness get in the way of truth.

Should I communicate my feelings, or stay silent?
This is the time to communicate, but you can easily put your foot in it. There is a tendency to deception, so talk straight, or don't talk at all.

Sunday 29 November

The Moon in Leo crosses your 11th house (Groups). Friends, groups and hopes for the future.

Compromised Judgement: Appetites are strong, and this could prove costly. Though convinced your choices are right, it's doubtful your credit stretches this far.

Shall I spend lots of money today?
Your extravagance peaks today, whilst your judgement is swayed by sensory desire. Don't spend money on people and things that are not worth it.

Should I give in when I know better?
You can be persuaded! Charming people appeal to your tolerance and generosity, and how can you resist? Still, avoid investing in something which is not to your taste.

Should I expect extra expenses today?
High costs can sometimes not be avoided, especially when travelling. You may need to spend more than you wish to smooth the path.

THE SKY THIS MONTH

SAT 28 NOVEMBER
Venus sextiles Jupiter again this afternoon, repeating the contact of November 4, this time with Venus moving forward. What was only discussed then can now be agreed: the reunion, the raise, the gift. The Moon steps from Cancer into Leo.

SUN 29 NOVEMBER
Uranus trines Pluto around midday, a slow, generational contact that favors reform over rupture. Change comes more smoothly than usual, so back the sensible new system rather than defending the tired old one. The Moon is in warm-hearted Leo.

MON 30 NOVEMBER
The Sun trines Saturn early this morning, and patience and discipline finally earn their keep. Close the month by finishing one hard thing properly; structure feels supportive rather than heavy. The Moon moves from Leo into Virgo.
